

Message to the Riders of Equality Line Horse Show, Nordic Development Tour and Champion of the Youngsters 2010!

Welcome!

Please read this message carefully, the number of competitors is very high (800 horses!) and in order to make everything run smoothly it is important that all contestants have taken part of the information.

BOARDING

Boarding will commence from Wednesday at noon. If you wish to arrive early please contact the stable chief with your request, telephone +46 70 629 5336. There will be a few boxes available before Wednesday.

Two bales of shavings are included in the Meeting price.

Feed such as hay can be ordered from an external partner Toleruds Foders, call +46 70 546 6290 to make arrangements.

Please respect the welfare of the horses and do not arrive after 22.00 on Wednesday. There will be four stable areas on the show ground. One stable area is set aside for International horses competing in the Nordic Development Tour. That stable area will be fenced and guarded, and an access pass is needed to be allowed to enter the area. All horses in that area must fulfill the requirements of the FEI, there must be proof of vaccination and a medical log book or equivalent to it.

CSI stable is closed during the night to ensure horses rest, between 23.00 and 06.00. Entering the stable during this period is possible but has to be justified in agreement with night control. Horses are not allowed to leave the stables during those hours.

Please contact Show Secretary Anna Löwåker if you have questions regarding this. +4672-214 93 84.

Please note which stable area you are placed in, there are different routes to get to the area and you will save much time by knowing which road to turn onto.

A stable chart will be published on the website www.equalityline.se by Monday July 26th.

Stable Area U1 or U2 – turn onto road Sadelvägen.

Stable Area U3 or U4 – turn onto road Hästviksvägen.

Then follow instructions and signs on the show ground.

Smoking in stable is strictly forbidden. Any offences will immediately lead to sanction as per OC and Ground Jury decision.

Dogs must be on a leash on the show ground, especially near the stable areas. Due to security reasons strollers and baby carriages will not be allowed in the stable areas.

TRAINING AREA

Obstacles: pool's and stands will be available 1 hour before the first class in the CSI warmup arena, the Fibersand part of Sjöbanan. If you need additional training sessions please contact Chief Steward beforehand.

Hästviksbanan (fibersand by the water) is available to CSI horses for flatwork and lunging. Other arenas are dedicated for horses in national and young horses classes.

PARKING OF LORRIES

There will be plenty of lorries entering the show ground so it is very important to follow the parking attendants directives and information. You must leave a contact name and cell phone number to each vehicle.

The electricity fee must be paid for before you are allowed to park. If you have not paid in advance we can not guarantee you a spot for electricity. You will have the opportunity to pay to the parking attendant or in the show office. If you pay to the parking attendant you must pay in cash. (530 SEK)

START

The show office will try to assist you to avoid collisions of starting times on the different arenas. If this should occur priority is given to the International arena (Sjöbanan). The riders on Derbybanan and Glengordonbanan must pay attention to this and that their starting time might be altered. Please make sure you have a groom to assist you to make a smooth transition of horses and between arenas.

All changes must be submitted to the show office by 18.00 at the latest the day before.

ENTRY TO FINALS

Riders who have qualified to a final are obligated to enter or withdraw their participation. This is to give the next rider in line a chance to compete if the qualified rider do not wish to start.

Participants in the Nordic Development Tour must let the show office know which classes he/she plans to start.

Entry fees as well as other international fees will be paid in the show office, and must be paid before the first start. If we are forced to send an invoice an additional charge of 150 SEK will occur.

Tied placements will share the price awards. Price awards will be paid to the riders bank account. **IMPORTANT – you must leave your account information in the show office before departure.**

RIDERS BANQUET

On Friday night a Rider's banquet is arranged in the show restaurant on the show ground. The night will offer a nice buffet, live music, fashion show and lounge bar. Tickets can be purchased in the show restaurants and cost 200 SEK / person.

The Rider's banquet will begin with a performance by Fonize the Pony Show - a popular and unique horse and dog show which has performed at many large horse shows in Scandinavia.

CLINIC

Eamon Hickey – expert of Young Horses - will hold a clinic in the manege on Saturday July 31 at approx. 5 pm (after the Derby). The entry price is 150 SEK.

SHOW

Fonzie the Pony Show will make a second performance on Saturday between class 8 and class 7. The location will be the fiber sand arena of Sjöbanan.

ENTRY TO THE SHOW GROUND FOR RIDERS

Each international, regional and national rider will be given three entry passes for the first horse, additional horses will receive two entry passes per horse.

You will get the entry pass in the show office on arrival, and it will be valid the entire show week.

The riders will carry the responsibility to make sure that any potential horse owner will be given an entry pass. Additional entry passes can be purchased in the show office for 150 SEK for the entire week. The parking attendants will not let anyone through that does not have an entry pass.
